2014-2015 YEAR IN REVIEW
TC’s Note: 2014-2015 has been yet another memorable year for Transfer Connections. This year, we continued our search for learning, friendship, excitement and growth. Fashions change but the aim remains, and so does the pleasure of discovery. Thanks for a great year!

TC, Go Blue!
Nearly 95% of spring/summer students would recommend their experience to friends.

SUMMER CLASSES, ANY TAKER?

**Summer courses are inherently fun.** They're usually smaller, and LSA picks class offerings based on demand.

**Summer tuition is lower for all students.** If you're looking to finish early, catch up, or get ahead, spring and summer are the perfect chance.

**The classes range from small seminars to large lectures and often fulfill requirements for a major or graduation.**
“The hardest ones that need a lot of time put forth in order to do well, such as calculus, organic chemistry, psychology courses. If you are from Michigan and live closer to U of M Dearborn, I would also suggest looking into what classes they offer during the summer. The class sizes are smaller and the tuition is cheaper.”
— Michelle

“Humanities courses are great, fun summer classes.”
— Lauren

“For those that want to get their language requirement over with I HIGHLY recommend taking the spring or summer intensive for their language course. Taking the 8 credit Spanish intensive (231/232) was one of the best decisions I’ve made”.
— Angey
Get involved with some volunteering
Check out UROP summer programs and the Biostation
Pay attention to Career Center newsletters and internship portal
Study abroad to fulfill language requirement
Pre-med? Get in touch with some local doctors to do some job shadowing

SUMMER LEARNING OPPORTUNITIES

Volunteer Opportunities

Job Shadow

Interns Wanted
Spring is coming soon as we get over the winter snow. Are you trying to sublet your room? It’s not simple as it sounds.

**Before subletting:**

- Read your lease and check with your landlord. Find out if you are allowed to sublet your space and if there are any restrictions or guidelines you must follow.

- Talk with your roommates (if you have one) about subletting. They may have an opinion about potential summer roommates or may already have a roommate in mind. Perhaps they, too, would like to sublet their space for the summer months.

- Check with your property management office. Some of them might provide information and sources to find a subtenant.

- Resort to all options including posting on FB groups and Craigslist and posting on community boards to get a subtenant. Some of the options are UM facebook groups like Maize market and the group for your graduation year. Be cautious of Craigslist; sometimes there is misleading information.

**While subletting:**

- Make sure you are responsible. In most cases, you will continue to be the primary leaseholder and will be responsible for the full rent and utilities if your subtenant does not pay.

- Be prepared to get 50% or less of what you pay originally for rent because there is not as much student traffic during the summer months.

- Ask for an appropriate amount of security deposit. If you ask your subtenant for a security deposit, it cannot exceed 1.5 month’s rent.

- Don’t forget paperwork. Be sure to fill out an [inventory checklist](#) and [sublease agreement](#) have your subtenant complete one as well. It never hurts to separate the responsibilities in advance.

- Don’t hesitate to look for help. If you have trouble getting a sublet or simply want to get more information about the procedure, go to the Housing office for advice. They also provide all the paperwork you might need.
Work on your graduation requirements, then hit the Summer Festival for movies, food, music... You name it.
